

Childcare Cost Guidance

Before making the online application for Childcare costs, please ensure you have all the following information:

1. A copy of your Childcare Providers OFSTED **registration certificate**.
2. An invoice detailing the monthly costs from your Childcare Provider
3. If you are using a Childminder, you must enclose a copy of your childminding registration certificate and Public Liability Insurance; without this, we cannot assess the bursary application.
4. If you receive Early Years Free Entitlements (EYFE), you are expected to use these hours first.
5. The maximum contribution the bursary fund can make is **£5,000 per academic year per student not per child**.
6. Payments are made directly to you, the student, providing you have satisfactory attendance whilst at college.
7. We can only fund for **term-time childcare**

Should you still require any further clarification, please contact us directly
