

Parent newsletter

Welcome to our newsletter for the parents, carers and guardians of our students. This is our last edition for this academic year. We hope that you have found this year's newsletter useful and informative.

Employability team

The Employability team are continuing to build excellent relationships within our community with local employers who wish to support our students in offering them an experience of the workplace or delivering employer talks to provide information and clarification of the world of work.

These experiences with employers are a vital part of educating our students to identify employability skills and what attributes are required to be 'work-ready'.

We have many opportunities already set up for our students and we have now set up a work experience database for all of our students to access local work experience opportunities. Students are able to complete a request to work with these employers via this database and we recommend students request up to three employers who they are keen to work with.

Our WEX team can be contacted for further information via WEX@gbmc.ac.uk and more information on our work-related opportunities and our team support can be found on [our Student Landing page under the Work Experience tab](#).

Thinking
about going
to University
in 2022?

It's not too late
to apply.

Applied for
University
but have
questions?

Applying to or preparing for university?

Is your young person thinking about applying to university? Have they already applied but have questions? It's not too late.

They can speak to our Widening Participation team and book a 1:1 appointment via WP@gbmc.ac.uk.

Our team have the knowledge and expertise to offer advice and guidance on:

- Higher Education options, including alternative pathways
 - Student finance
 - UCAS and personal statement support
 - Interview preparation
 - Preparing for Higher Education
 - Clearing, UCAS extra and late applications
-

S'koolFest 2022

On Wednesday 8 June at Worthing Pavilion Theatre, S'koolfest showcased a night of the best young emerging artists from around Sussex! Music at Northbrook MET and UniConnect teamed up to put on a music concert performed by more than 70 talented young acts who came together from numerous Sussex schools and colleges, playing their best songs to a packed Pavilion Theatre.

Student ambassador Zoe told us "what I enjoyed the most about S'koolFest was seeing the wide variety of acts and the level of talent coming through from such a young age. Having so many schools participating from so many areas made for a really good vibe on the night."

Bring on S'koolFest 2023!
