

# Northbrook MET Foundation Art and Design Summer Project 2022

We are very excited to be working with you on the Foundation Course here at Northbrook MET next year. Each year we set the new intake a summer project; this gives us the opportunity to see what you are up to.

## **TITLE: Do Anything You Want To Do – But NOT What You Have Done Before**

There is no limit on size, materials, approaches or how much you create.

*'The one rule is there is no rule, and if you have real sense of limits you're free to break out of them.'*

Helen Frankenthaler

We encourage you to work independently, to explore, experiment and try out new things.

Break free from your usual, habitual, default way of working. Experiments and responses to the world around you.

### **Be ambitious.**

Consider new, unconventional materials, processes and approaches.

Think about other senses, not just sight: touch, sound, smell, taste.

The work will be presented on the 1st day of term.
